

**Puppies Behind Bars** is a not for profit organization that trains prison inmates to raise service dogs. One program within the Puppies Behind Bars organization is called **DOGTAGS™**. Under the DOGTAGS Program inmates train puppies to become service dogs for soldiers returning from Afghanistan and Iraq. During their training:

- The puppies live in prison with their incarcerated trainers.
- As the puppies mature into well-loved, well behaved dogs, their raisers learn what it means to contribute to society, rather than take from it.

Vibram™, the leading provider of military footwear for the most conditions on earth has teamed up with FetchDog™ to create the DOGTAGS Chewy Shoe in honor of the sacrifices made by the military veterans who rely on Vibram™ products and to raise money to fund the DOGTAGS program at Puppies Behind Bars.

This dog toy is made of all natural, non-toxic rubber from the same molds used to make the soles of military boots, and we've attached a sturdy mountaineering rope lanyard to make playing fetch fun.

PuppiesBehindBars
